Summary

Highly motivated Computer Science student proficient in Java, Python, and modern web technologies (HTML, CSS, JavaScript, RESTful APIs). Demonstrated ability to design and implement responsive web applications and develop machine learning models, including a Linear Regression model that achieved 85% accuracy in sales forecasting. Eager to apply strong problem-solving skills and a collaborative mindset to contribute to innovative software development projects.

Education

B.Tech in Computer Science
XYZ University | 2021–2025
CGPA: 8.2/10

Skills

- **Programming Languages:** Java, Python, C, JavaScript, HTML, CSS
- **Web Technologies:** HTML, CSS, JavaScript, RESTful APIs, UI/UX Principles
- **Tools & Platforms:** Git, VS Code, MySQL
- **Concepts:** Object-Oriented Programming (OOP), Data Structures, Algorithms, Machine Learning (Linear Regression), Problem-solving
- **Soft Skills:** Teamwork, Communication, Adaptability, Critical Thinking, Time Management

Experience

Web Development Intern — ABC Solutions [City, State]
[Start Date] – [End Date]
- Developed and deployed responsive web pages utilizing HTML, CSS, and JavaScript, significantly enhancing user experience and ensuring cross-device accessibility for users.
- Integrated RESTful APIs to retrieve and dynamically display complex content, optimizing UI rendering performance by X% and consistently delivering a seamless user experience.

Projects

Notes Sharing Platform
- Developed a web-based platform for students to upload, share, and access academic notes, facilitating peer learning.
- Engineered front-end interface using HTML, CSS, and JavaScript, ensuring an intuitive user experience.
- Implemented back-end logic and managed data storage with MySQL, enabling robust content management.

ML-Based Sales Prediction
- Developed a Linear Regression model for sales prediction, achieving 85% accuracy in forecasting.

- Utilized Python and relevant machine learning libraries (e.g., Scikit-learn, Pandas) for data preprocessing, model training, and evaluation.

Certifications

- Python for Everybody – Coursera
- Data Structures – NPTEL

Achievements

- 2nd place in Hackathon 2024 (e.g., among X teams for Project Y)
- CodeChef 3 Star Coder

Languages

- English (Fluent)
- Hindi (Fluent)

Location

- India
